

Prerequisite IBM Cloud Service

Date	29 October 2022
Team ID	PNT2022TMID33475
Project Name	Project – Smart Farmer-IoT Enabled smart Farming Application
Maximum Marks	4 Marks

IBM Account Dashboard

The screenshot displays the IBM Watson IoT Platform interface. At the top, there's a navigation bar with tabs: 'Browse' (selected), 'Action', 'Device Types', and 'Interfaces'. A blue 'Add Device' button is on the right. The main heading is 'Browse Devices'. Below it, there are two buttons: 'All Devices' (selected) and 'Diagnose'. A paragraph explains that the table shows a summary of all devices and can be filtered or searched. Below this is a search bar labeled 'Search by Device ID'. To the right of the search bar is a 'Device Simulator' toggle switch, which is currently turned off. The table below has the following structure:

Device ID	Status	Device Type	Class ID	Date Added
baladeviceid	Disconnected	baladevice	Device	Nov 13, 2022 11:01 AM

At the bottom of the table area, there are controls for 'Items per page' (set to 50) and '1 of 1 page' with navigation arrows.
